

DOWN & DIRTY

White Knight Productions Does It Again

After spending some time watching this video, I have to say that it proves if there is a will, there is a way to get through just about any obstacle. This time around, the people at White Knight Productions bring you *Down & Dirty*, an extreme look into the lengths some 4x4 enthusiasts go to abusing their vehicles.

Some of the events covered in this video are the Can4x4 Challenge, the Tough Trail Challenge at the Alberta Safari Off-Road Park, Canadian Off Road Expo rock gardens, and more. This video shows you why people want big horsepower and monster-size rubber. Flinging mud, slapping against rocks, bashing doors into trees — this level of wheeling is not for the dainty. **4WD**
